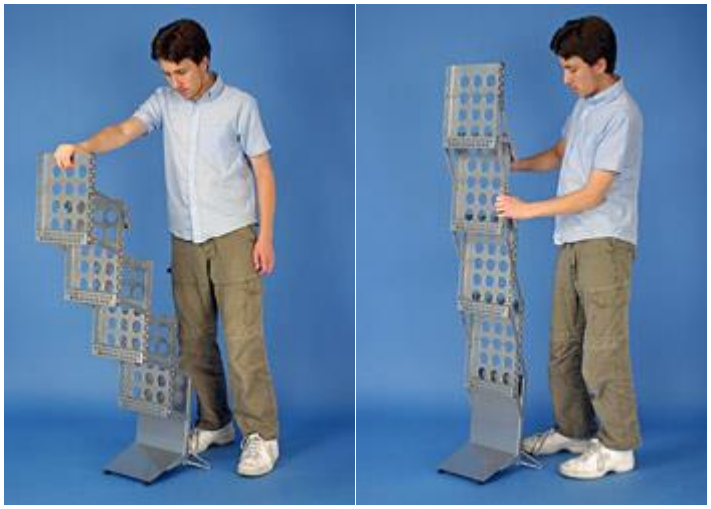
LSTIL Literature Holder Assembly Instructions

Remove from included carrying bag.

Flip out back feet (one on each side).

Pull/push handle towards back of unit to release latch. (The latch keeps the unit from unfolding while carrying)



Lift up on top of unit while keeping a foot on the base.

Raise handle to lock the literature stand open. Add your brochures, magazines and literature.

*The unit can be folded with literature inside. Please keep in mind that this will speed up setup, but also increase shipping weights.
