

Azulle Extends Warranty Coverage to 3 Years

Azulle, a leader in mini-PC hardware solutions, is pleased to announce a significant enhancement to its warranty coverage. Effective all products sold as of October 1, 2024, all Azulle products will now come with a 3-year standard limited manufacturer's warranty, up from the previous 1-year coverage. This decision underscores Azulle's commitment to delivering high-quality, reliable technology solutions backed by industry leading comprehensive customer support.

With the introduction of a 3-year warranty across our product line, Azulle continues to demonstrate its focus on long-term performance and customer satisfaction. This policy change reflects the confidence we place in the durability of our hardware and the investment we make in supporting our customers throughout the product lifecycle.
