

## Wall Mounting Instructions

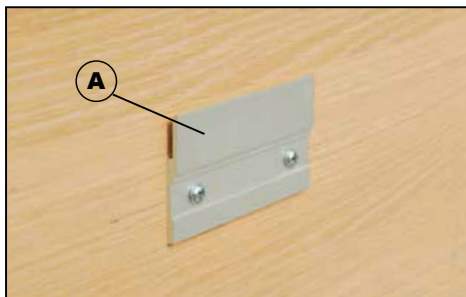

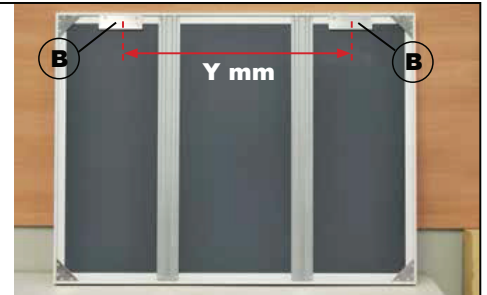

**NOTE:** Screws and anchors for mounting the bulletin board to concrete wall is provided. Due to different constructions and safety requirements, choose appropriate hardware for the bulletin board. If you are not sure, please consult local hardware store or have a contractor to mount the board.

1. Mounting hardware supplied with noticeboard.

2. Choose desired location and height to mount the board. Use a bubble level to help. Screw the Z-brackets to the wall. Distance between the brackets (X) should be equal to the distance between the mounting plate on the back of the notice board (Y).

3. Lift the noticeboard over and hook the mounting plates (B) over the Z-brackets (A) as shown in (Fig. A).

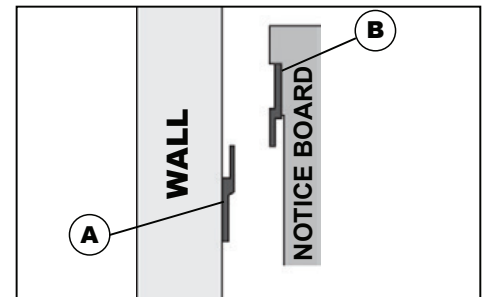

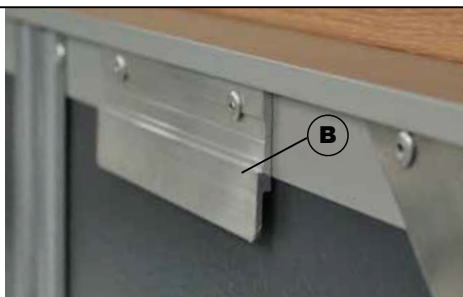

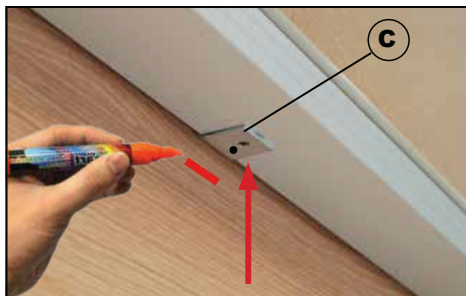

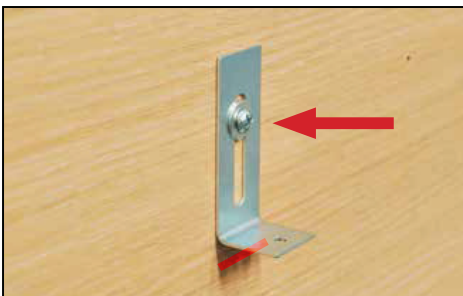

Figure A.

**CAUTION:**  
Use 2 or more person to lift.

4. Align L-Bracket to the holes underneath the noticeboard and mark the position on the wall.

5. Remove the noticeboard. Align the L-Bracket with the marked position. Screw the L-Bracket into the wall.

6. Mount the board on the wall and screw the L-Bracket to the board to secure the board on the wall.

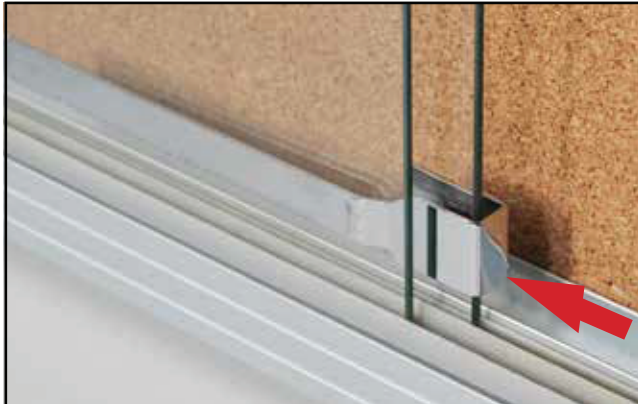

7. Noticeboard is ready to use.

**IMPORTANT:**

This unit requires  
**2 PERSON LIFT**

Attaching Showcase Lock

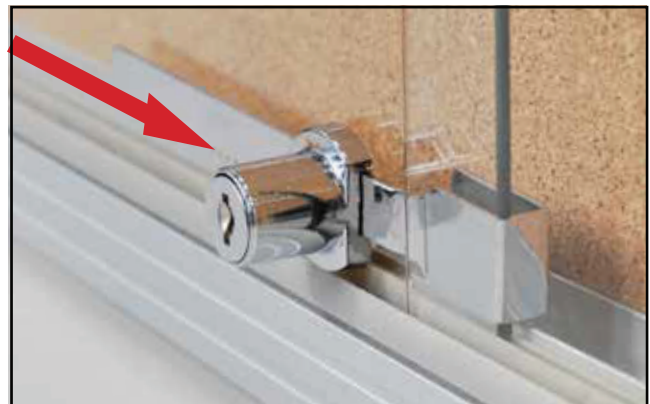

**1.** Slide both doors to the left. Slide the notched bar over the rear glass door as shown.

**2.** Fasten the screw on the back of the notched bar.
