

Digital Poster Storage Case Instructions

SKU: DF043BC2, DF055BC2

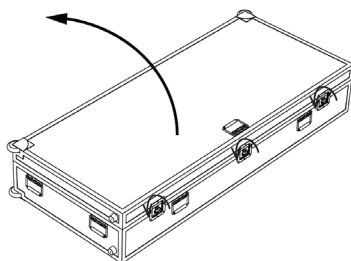

DISPLAYS2GO
CONNECTING PEOPLE & BRANDS WITH THE WORLD

⚠ IMPORTANT SAFETY INFORMATION

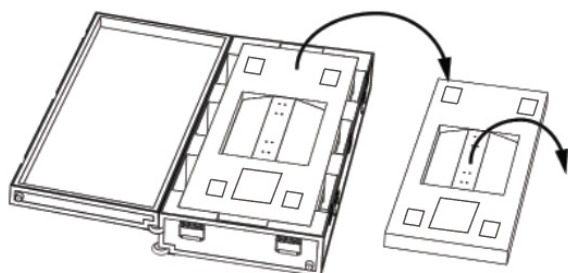

THE DIGITAL POSTER IS HEAVY! 2 PEOPLE ARE REQUIRED FOR SAFE PACKING AND ASSEMBLY. Read all instructions before assembling the unit. Failure to read and comply with the instructions can result in product damage or personal injury. Displays2go is not responsible for any damage or injury caused by incorrect installation, assembly, or use.

1. Twist butterfly clasps counter clockwise and use the handle to lift up the cover of the case.

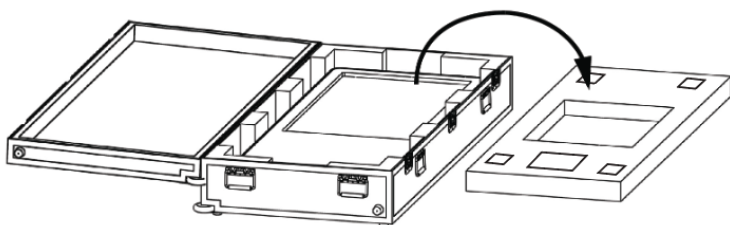

CAUTION: Beware of sharp edges. Wear gloves to protect your hands.

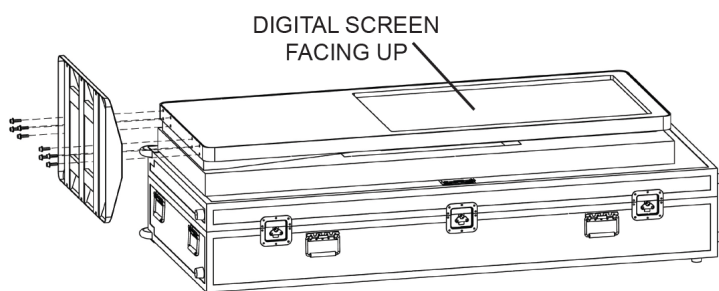

2. Place the foam sheet with the metal base on a flat, hard surface. Remove the metal base and accessories from the center of the foam.

3. Carefully lift the digital panel and place it on top of the foam.

4. Close the storage case, then carefully lift the foam sheet with the digital panel and place on top of the case. Connect the metal base to the digital panel using provided socket screws and tighten all screws with hex wrench. Install caster wheels to base with included hardware (optional).

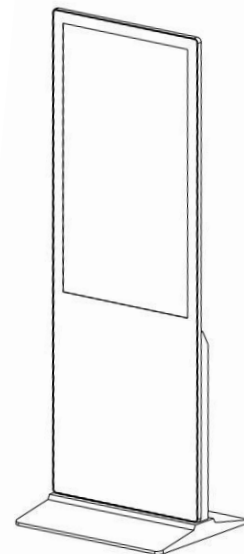

5. Carefully lift the assembled digital signage to its upright position. Place the digital unit on a flat, hard and level ground. Insert Wi-Fi antenna, plug in the power cord, and power it on. The digital poster is ready to use.

SECURELY PACKING THE DIGITAL POSTER INTO STORAGE CASE

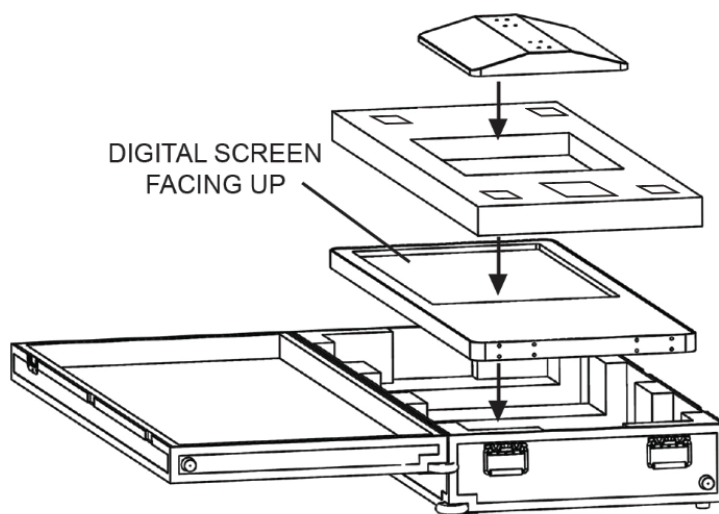

NOTE: WHEN PACKING, PLACE THE DIGITAL PANEL IN FIRST, WITH THE SCREEN SIDE FACING UP. THE FOAM SHEET GOES ON TOP OF THE PANEL.

Remember to disconnect all the cables and remove all attachments before starting disassembly.

To disassemble the unit and pack into storage case, reverse all steps of previous instructions (left).

Remove the foam sheet from the storage case first, then carefully fit the digital panel into the case with the screen facing up. Place the foam sheet on top of the digital panel. Place the metal base, wheels, and all accessories in corresponding foam cutouts. Cover wheels and accessories with individual foam pieces to minimize shifting during transport. Close the top cover of the storage case and lock all butterfly clasps.
