

Bright Ideas, Brilliant LEDs

Meet Our Undeniably Brilliant 80" Direct View LED Digital Poster

■ The 2.5mm pixel pitch is ideal for various indoor applications where an impactful high-resolution display is necessary.

■ Features GOB technology that protects LED module panels from dust and dirt exposure.

■ Stellar brightness and contrast ratios making for vivid and sharp visuals to make your brand shine.

■ The sleek profile and ViPlex Handy App allow you to daisy chain up to four units together for an extended screen portrayal, creating 4x the visual fascination!

LED Technology:*

Direct View LED displays are suitable for a range of applications and end uses. Our LED Poster is highly modular and scalable, making it great for large-scale applications with a seamless presentation. This LED display offers higher brightness levels and stunning contrast ratios, making it great for users seeking vivid and sharp visuals. The locking caster wheels and slim profile make for easy mobility & storage. Due to this unit's stellar image quality, it is great for grabbing attention in high-traffic areas like events, airports, concerts, and retail stores.

Displays2go is proud to offer a wide selection of unique digital products. We welcome the opportunity to discuss your business's needs and find a solution that works for you. Reach out to us at 844-221-3388.
