

65" LCD Non-Touch Standing Poster Assembly Instructions

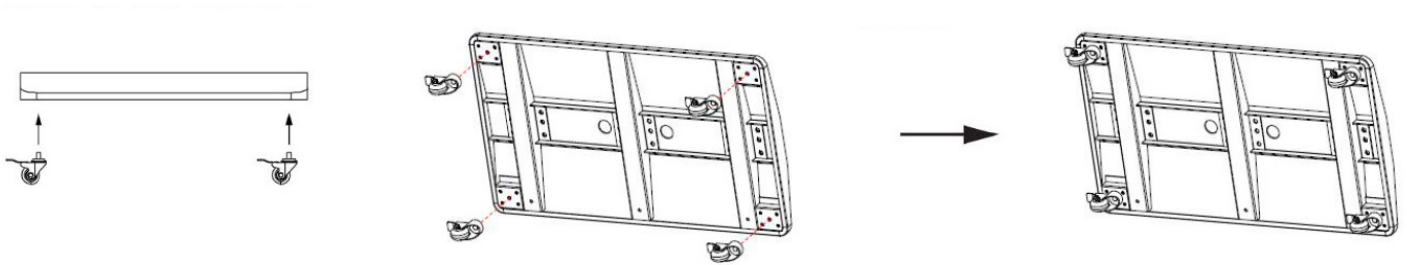

SKU: DGNTFSPS65

SAFETY INFORMATION: Review assembly instructions completely before assembling and installing unit. Failure to read and follow instructions may result in property damage or serious injury. Displays2go is not responsible for any damage or injury caused by incorrect installation or use.

NOTE: 2 PEOPLE REQUIRED FOR ASSEMBLY DUE TO WEIGHT OF UNIT.

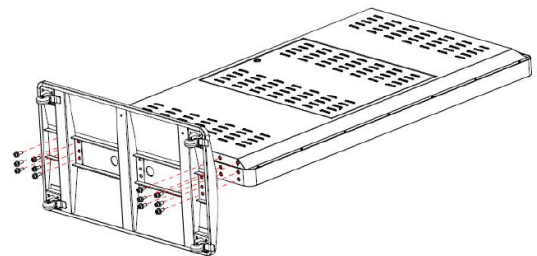

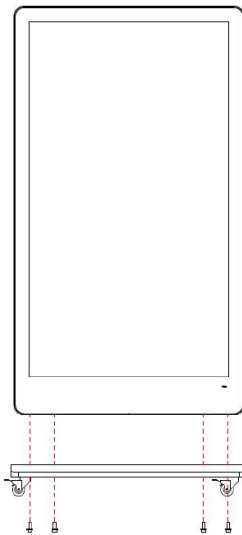

1. CASTER INSTALLATION (OPTIONAL; FOR USE AS A MOBILE UNIT)

- Install casters (4) to the metal base by threading them into the holes on the bottom of the base.
- Tighten all casters fully with a 14mm wrench.
- For safety, put all casters in locked position by depressing brake on each caster. Unlock once unit is fully assembled and ready to be moved.

2. Connect metal base and digital poster with provided screws (M10*30).

3. Tighten all screws with the provided Allen wrench.

Enjoy your new standing poster!
