Safety & Care Information

Before beginning assembly, please take time to read through the instructions and understand each step thoroughly. Displays2go is not responsible for any personal injury or product damage due to mishandling, incorrect mounting, incorrect assembly or incorrect use of this product.

⚠ Wear the included gloves to protect your hands during assembly!

⚠ The weight capacity of the convertible countertop is 22lbs.

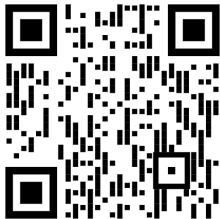

Fabric Graphic Care Instructions: Machine wash with cold water on a gentle cycle and use a mild detergent. Do not use bleach. Tumble dry on low. Fabric must be completely dry prior to storing. A steamer may be used to reduce wrinkles and fold lines after the graphic is on the frame.

product page.

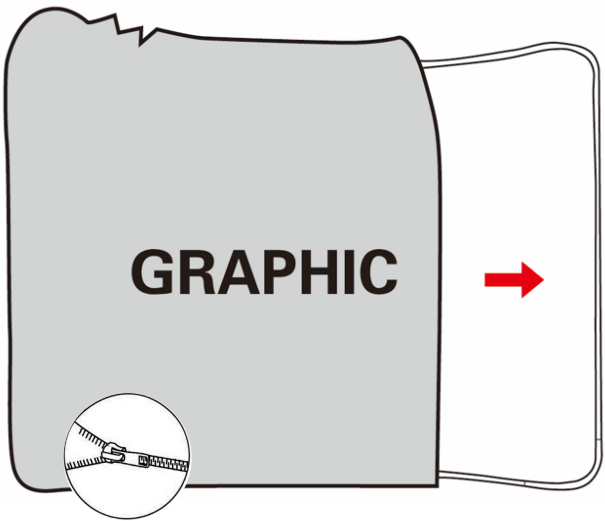

Backwall Assembly

1. Connect all tubes by matching the numbered labels.

ⓘ **NOTE:** To disconnect poles, slightly push the pole forward to loosen push buttons.

2. Slide the fabric graphic onto the frame and zip the graphic closed at the bottom.

Storage Case to Counter Conversion

1. Place the half of the case with wheels on the ground.
2. Twist the 4 support poles into the holes on the lower case.
3. Lower the top case onto the poles.
4. Slide the custom fabric graphic over the entire counter.

Overhead LED Light Installation

Clamp the LED adaptor to the aluminum frame pole and slide the LED light onto the adaptor. Tighten the knob to secure. Plug in the power cord and flip the power switch to ON.

Assembly is complete.
