Safety & Care

Before beginning assembly, please take time to read through the instructions and understand each step thoroughly.

Displays2Go is not responsible for any personal injury or product damage due to mishandling, incorrect mounting, incorrect assembly or incorrect use of this product.

Safe Product Handling

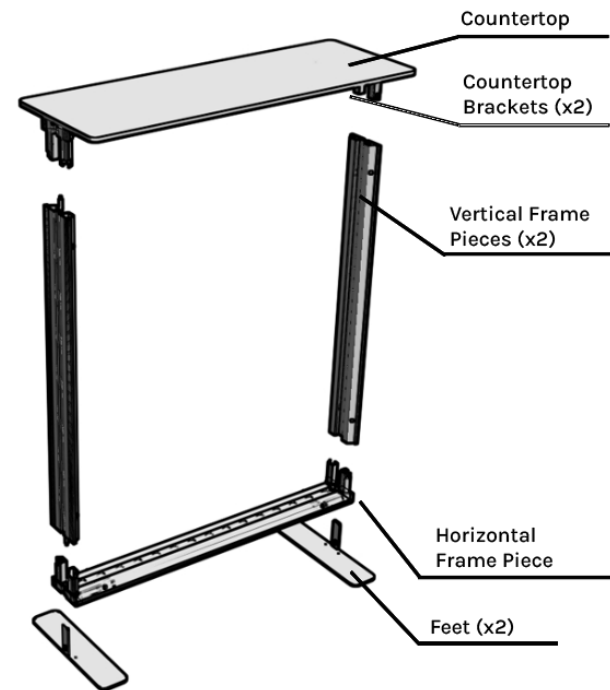

- Wear the included gloves to protect your hands during assembly!
- Avoid placing the backwall power cord where it could become a trip hazard.

SEG Fabric Care Instructions

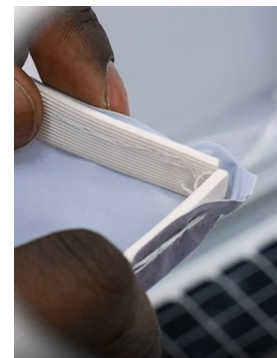

Machine wash with cold water on a gentle cycle and use a mild detergent. Do not use bleach. Tumble dry on low. Fabric must be completely dry prior to storing.

A steamer may be used to reduce wrinkles and fold lines after the graphic is on the frame.

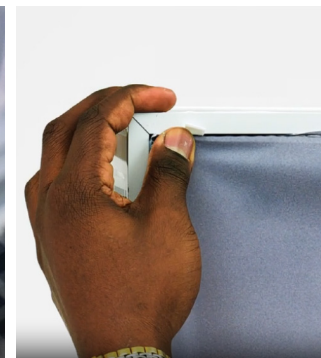

Assembly Diagram

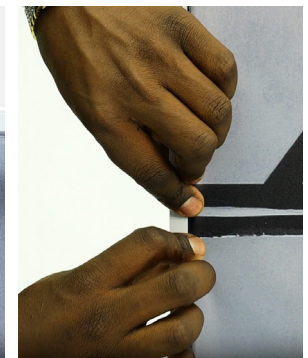

How to Install an SEG Graphic

Bend the plastic tab to a 90° angle.

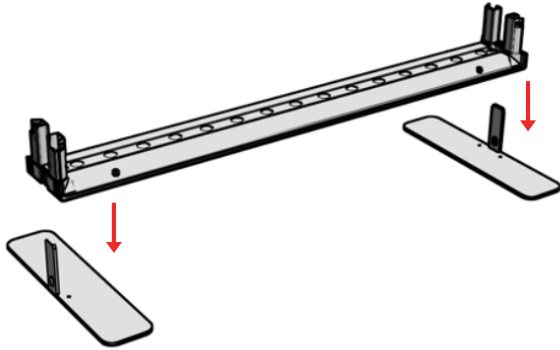

Insert into channel, starting at corners.

Press in the strip, moving towards the center.

Step 1

1. Place the bottom frame onto the backwall feet.
2. Place the frame sides onto the bottom frame.

NOTE: To disconnect frame pieces, press the buttons on either side of the connection point.

Step 4

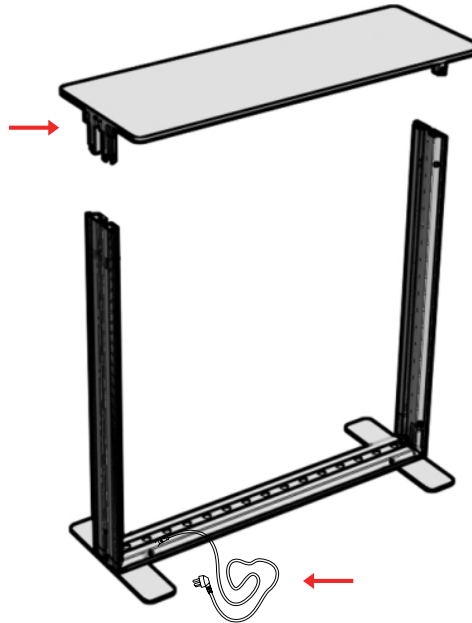

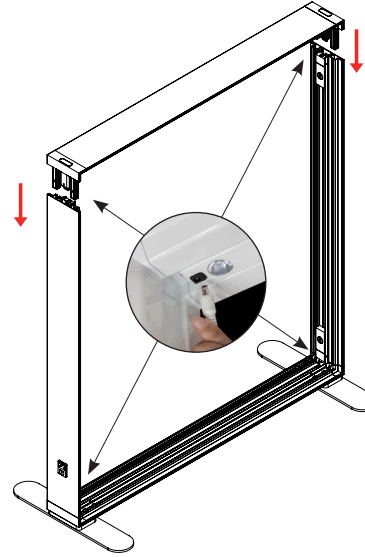

1. Insert the corner brackets into the sides of the countertop.
2. Connect both corner brackets of the countertop to the frame.

Step 5

1. Plug the power cord into the power adaptor on the frame.
2. Insert plug into power outlet. Lights automatically turn on.

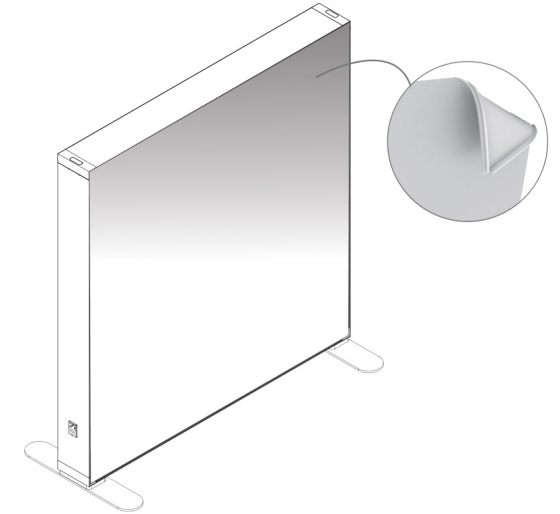

Step 2

1. Connect the sides and top frame.
2. Plug in all power cables.

Step 3

1. Install the SEG graphics.

Assembly is complete.
