product page.

Safety

Please read and understand all instructions before use.

- CAUTION: UNIT IS HEAVY!
- Do not let the belt retract automatically without holding one end.
- This product contains moving parts, please use with caution. Keep hands away from belt compartment.
- Do not attempt to move unit while belt clips are still attached to anything.
- The manufacturer disclaims any liability for the modifications, improper installation, or installation over the specified weight range. The manufacturer will not be liable for any damages arising out of the use of the product.

Operation

! CAUTION: Heavy metal base can cause muscle strain or back injury!

Setting up

1. To move the unit, hold the handle and tip the unit to a 45° angle so that all 3 wheels are on the ground.
2. Once in place, flip lock position to FREE.
3. Extend the belt out and loop around your desired anchor. Secure by clipping the black carabiner to the silver belt ring.
4. Flip lock position to LOCK.

Taking Down

1. Unclip belt and hold firmly. Do NOT let belt retract automatically.
2. Flip lock position to FREE then use the handle to fully retract the belt.
