1. Screw together both pieces of the support pole, as shown. The knob can be used to tighten the pole at the desired height.

2. First, remove protective sticker on base. Then, screw assembled support pole into base, by lining up support pole over hole on base and threading screw in from the bottom. Use a Phillips head screwdriver to tighten screw into base.

3. Twist bust onto the fully assembled support pole to securely attach it.

4. If model includes crown, twist crown into top of bust to attach.

Enjoy your new fabric bust!
