Required Tools (not included):

Assembly

⚠ 2 people required for safe assembly.

⚠ Contains glass parts! Use caution when handling glass!

Assemble the Base

Base (x1), Glides (x4)

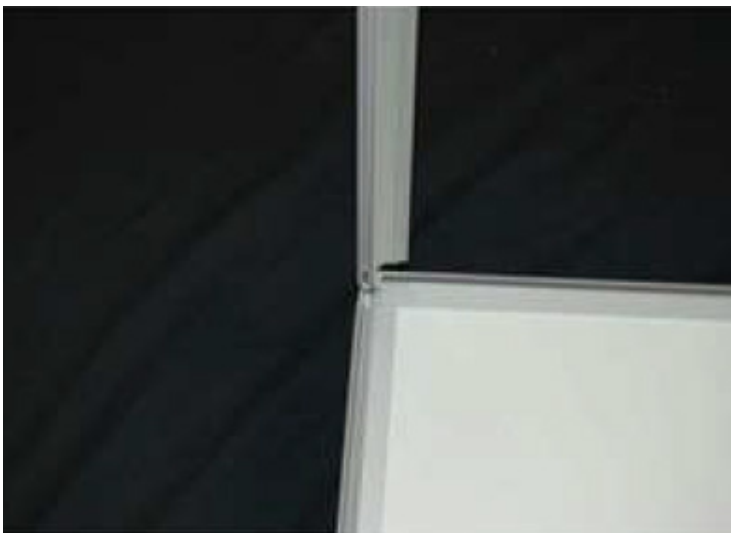

1. Flip the base over and attach the glides to the toe kick with a rubber mallet.
2. Flip the base upright.

Assemble the Upright Frame

Front Upright (x2), Back Upright (x2)

3. Insert the 2 front upright pieces into the corner channels in the base.
4. Insert the 2 back upright pieces into the corner channels in the base.

Install the Glass Panels

Front Glass (x1), Side Glass (x2), Glazing Strip (x6)

5. Place glazing onto glass panels, then slide glass panels into the channels of the upright frames.

Assemble the Top Frame

Top Frame (x1), #6x58 Pan Screw (x4), #6x38 Phillips Screw (x4)

6. Place the top frame onto the the 4 uprights. Carefully tap with the mallet to fit the frame over the glazing.
7. Tighten front uprights with pan screws.
8. Tighten the back uprights with phillips screws

Install Vertical Shelf Supports

Shelf Support (x3), 6x58 Phillips Screw (x4), 6x12 Pan Screw (x6)

9. Install one side of the vertical shelf support onto the top frame. Secure with phillips screws and drill.
10. Secure the bottom of the shelf support to the base with 2 pan screws each.
11. Repeat for all vertical shelf supports.

Insert Felt Strips

58mm Felt (x1), 38mm Felt (x1)

12. Adhere 58mm felt to the back channel of the top frame.
13. Adhere 38mm felt to the the rest of the top frame channels.

Install Shelf Brackets

Top Shelf Bracket (x3), Bottom Shelf Bracket (x3), Glass Shelf Bumper (x12), Glass Shelf Rubber (x24)

14. Place the bottom shelf brackets onto the vertical supports. Make sure they are all level and at the desired height for the bottom shelf.
15. Place the top shelf brackets onto the vertical supports. Make sure they are all level and at the desired height for the top shelf.
16. Attach rubber pieces to the shelf bumpers and place onto the shelf brackets.

Place Glass Shelves and Glass Top

Bottom Shelf (x1), Top Shelf (x1), Top Glass (x1)

17. Place the bottom shelf onto the bottom brackets, tilting as necessary.
18. Place top shelf onto top brackets, tilting as necessary.

Assemble the Upright Frame

Door Panel (x2), Door Slider (x2), Lock Assembly (x1), Key (x2)

19. Insert metal slider onto the bottom of each door panel. Tap lightly with rubber mallet if necessary.
20. Insert each door into the channels of the displays case.
21. Insert door pulls into the hole of each door.
22. Assemble the lock pieces and install into the front sliding door.

Assembly is complete.
