eMark Pen User Manual

1. Features

NOTE:

- DO NOT disassemble the Pen!
eMark Pen battery is built-in and cannot be removed.
- After fully charged, eMark Pen can work at least 7 hours.
- The tip light will flash to indicate low battery. Plug the Pen to charging base to charge.

2. Setup Instructions

➤ Charging

The eMark Pen has to be charged before 1st time use.

- Plug in the included adapter and place the eMark Pen on the charging base.

Battery Level 0% 100% Charge Complete

Plug in to charge

- eMark Pen charging from 0 to 100 takes up to 1 hour.

➤ Pairing

Start your PC or white board then check pairing status of the eMark Pen:

The tip will light in blue if the Pen paired successfully;

If not paired (no light), press ⑤ and ③ at the same time for 5 seconds to restart the pen;

Press ③ to light the tip, the color will indicate the pairing status.

Red: Abnormal. Need to restart

Yellow : Ready to pair

Blue : Paired successfully

➤ Restarting

If the Pen cannot pair, connect or write, reset the pen with a pin. Insert the pin into the hole at the top and press down to reset as shown below.

➤ Set up the shortcut button (Only for Windows 10)

Custom setting are as follows:

- “Settings” > “Devices” > “Pen and Windows Ink”, then set up the shortcut button.

 A screenshot of the Windows Settings application. The left sidebar shows the 'Settings' menu with 'Pen & Windows Ink' selected. The main content area is titled 'Pen & Windows Ink' and contains the following settings:

- Pen shortcuts**: A section with a blue arrow pointing to a drawing of the pen.
- Click once**: Two dropdown menus. The first is set to 'Windows Ink Workspace' and the second is set to 'Sketchpad'.
- Click once to open my Windows Ink Workspace notes even when the device is locked**: A toggle switch that is currently turned off.
- Double-click**: Two dropdown menus. The first is set to 'Windows Ink Workspace' and the second is set to 'Screen sketch'.

➤ **Changing Color**

Only certain software supported. Office 2013 and later versions need the add-in to support this functions. Please install the add-in from the included flash drive, or download from the product page at Disply2go.com.

➤ **Replacing Tip**

Spare pen tips are stored inside the charging base. Replace the old tip with a new one by pulling the tip out from the pen when needed.
