Digital Signage for K-12 Schools with ▢ Wallboard

Why choose Wallboard?

Diving into digital signage for schools can sometimes feel like you're trying to solve a Rubik's Cube blindfolded—what with tricky software, glitchy hardware, and the pressure to keep content fresh and fun. **Wallboard CMS** was designed to be your educational sidekick, making everything as smooth and simple as a pop quiz on the ABCs.

- **Supercharge your content:** Get creative with our Content Designer that's packed with features, letting you jazz up messages with animations and custom styles. Or make quick and easy edits with the Quick Editor faster than you can say "recess."

- **Connect Without a Hitch:** Easily link up with top apps and even send out emergency alerts in a snap with CAP protocol integration. It's like having a walkie-talkie that connects to the internet!

- **Template Magic:** Grab our ready-made templates, toss in your school's colors and logo, and voilà! You're broadcasting in style without missing a beat.

- **Touch and Go:** From interactive maps to fun learning tools, our no-code touch screen setups make navigating your content as easy as pie.

- **A+ Support:** Our teams are here to guide you through every step with personalized onboarding and support that's so good, you'll feel like you're the teacher's pet.

- **Smart Admin Control:** Manage who gets to post what and when with our slick permissions and Channels technology. It's like having the keys to the digital kingdom.
