

Outdoor Message Center with Recycled Materials, Sliding Door Lock

● **NOTE:** Professional installation required for wall-mounted and pole-mounted units.

Sliding Door Installation

● **Applicable SKUs:** MC4530SG, MC4530SGP, MC4530SW, MC4530SWP

1. Peel the **protective plastic** from the acrylic panels.
2. Tilt and insert a panel into the upper track. Make sure the plastic **pull-tabs** are facing out.
3. Repeat for the second panel, inserting the panel top into the other **upper** track.
4. Insert the metal footer of the panel into **bottom** track and slide into place. Repeat for other panel.
5. Slide open the doors and place the lock ratchet onto the **back panel**.
6. Close the doors. Slide the **lock** onto the ratchet until it is flush with the **front panel**.
7. Use the **keys** to secure the lock. The doors are locked.
