Safety & Warnings

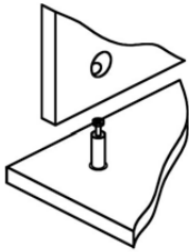

Before beginning assembly, please take time to read through the instructions and understand each step thoroughly. Displays2go is not responsible for any personal injury or product damage due to mishandling, incorrect assembly or incorrect use of this product.

 2-3 people required for assembly!

 HANDLE GLASS PANELS WITH CARE!

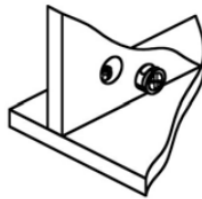

How to Join 2 Boards with Cam Locks

1.

Insert the cam bolt into the board, then lower the hole of the joining board over the cam bolt.

2.

Each cam lock has an open section on the back.

Insert the cam lock into the hole of the joining board, making sure the open section is placed over the head of the cam bolt.

3.

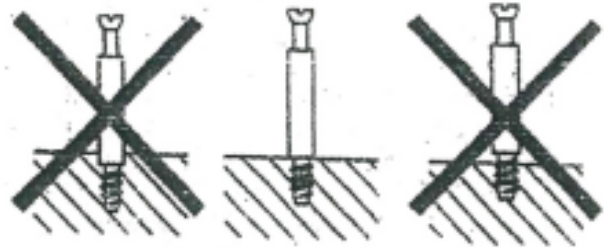

Turn the cam lock clockwise with a screwdriver to lock the cam lock to the cam bolt.

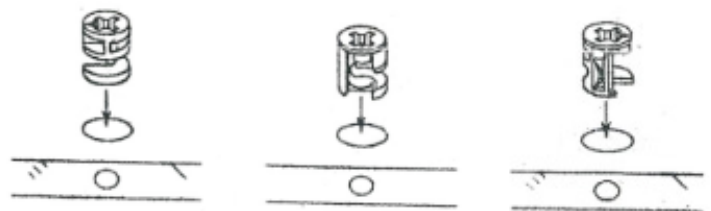

Do not over-tighten.

Fully tighten cam bolts at the end of the assembly to ensure pieces fit correctly.

Insert the threads of the cam bolt into the board. Do not exceed the depth of the threads.

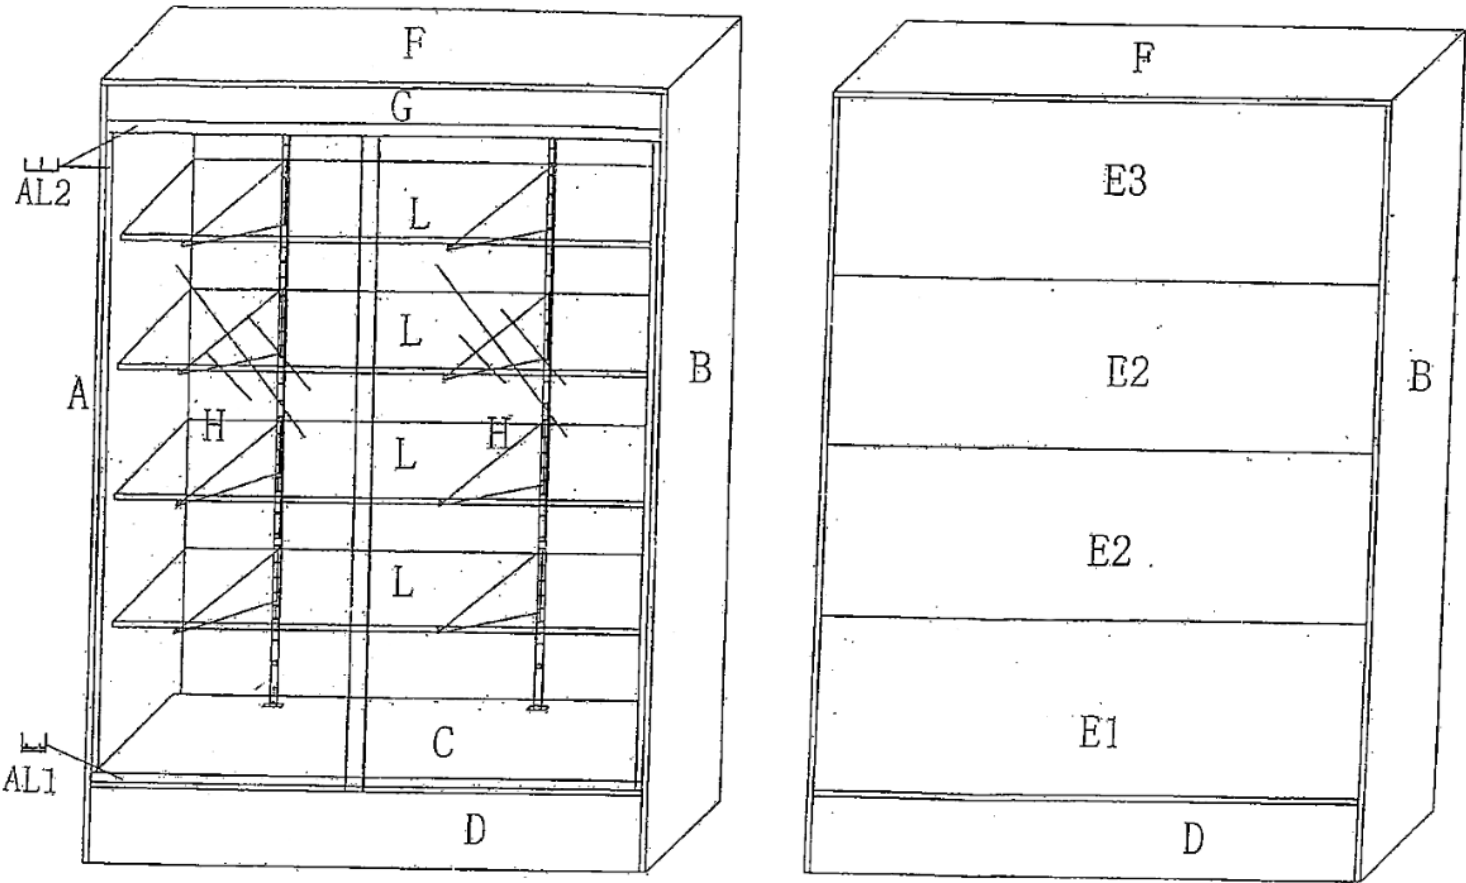

Revolve the cam lock until the open slot is aligned with the cam bolt.

Assembly

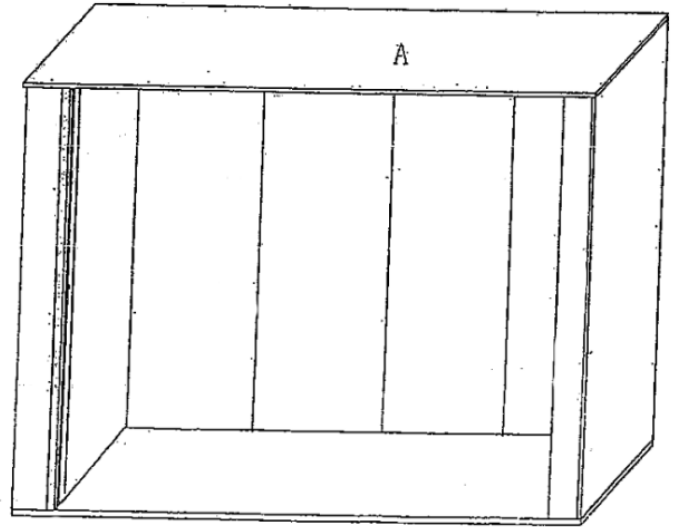

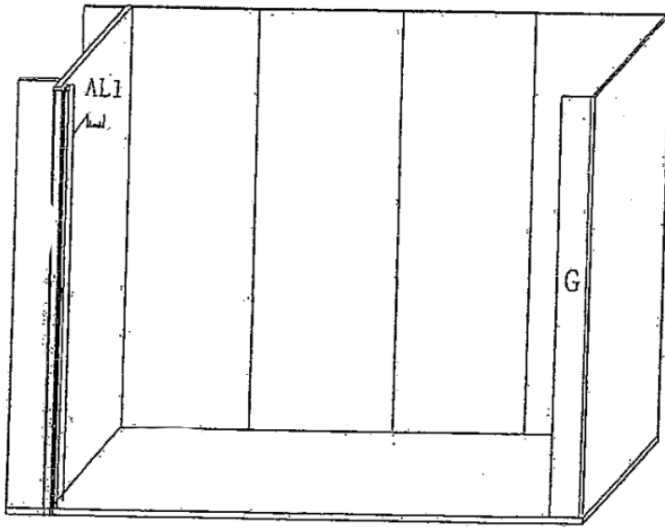

1. Assemble base using cam locks and cam bolts.
2. Attach side panel and tighten cam bolts with a screwdriver.

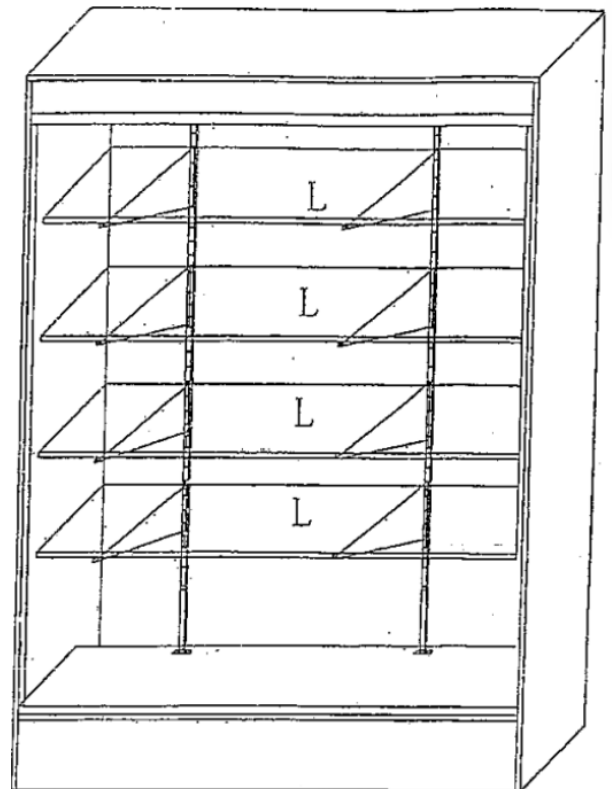

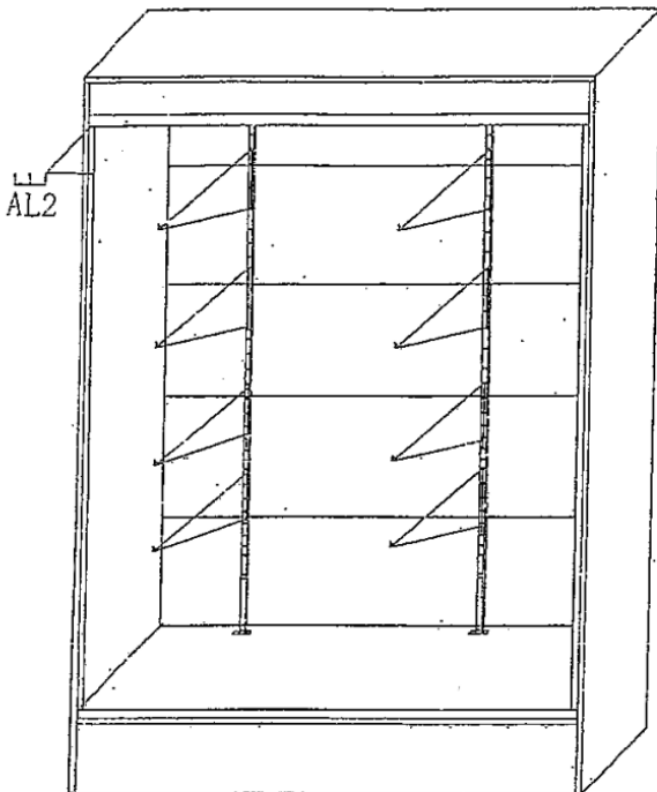

3. Attach all back panels with dowel screws.
4. Attach the top panel.

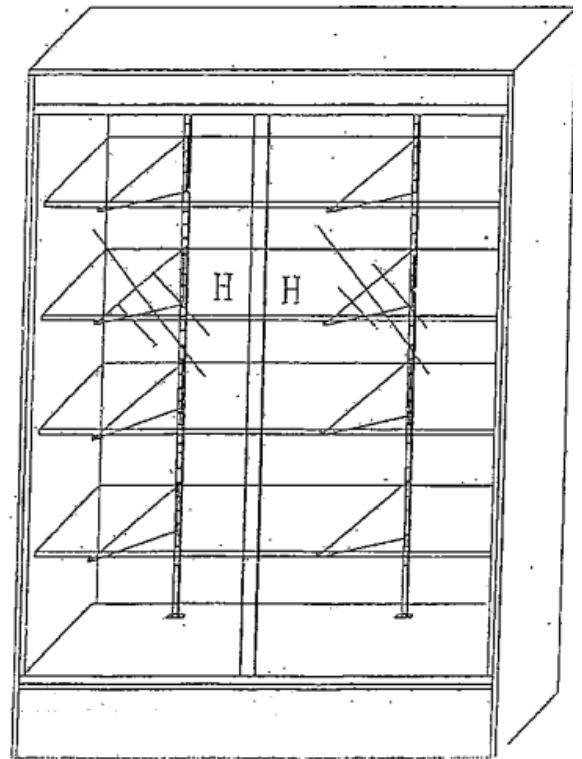

5. Attach the header panel. Install the bottom door track using screws and drill.
6. Attach the other side panel.

7. Install the glass shelf vertical tracks.
8. Install the top door track.
9. Place all shelf supports at desired heights.
10. Place glass shelves.

11. Place plastic glazing on the top and bottom of both glass doors. Then carefully fit the metal sliders onto the glass panels.
12. Tilt the glass doors and place into the top and bottom tracks.
13. Plug in the power cord to turn on the interior LED lights.

**Assembly is
complete.**
