| J: Sideboard .....              | 2        |

*Not Included: Phillips head screwdriver*

## Assemble Frame

1. Screw feet (B) to left and right pole (A) with hex wrench. Metal clips should face outward.
2. Attach bottom frame (D) to poles by sliding metal L-shaped bracket into each channel.
3. Repeat with top frame (C), with metal clips facing outward.
4. Tighten all four connections with screwdriver (not included).

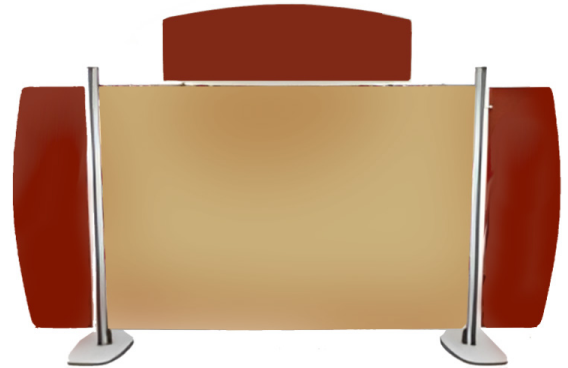

## *Insert Fabric Graphic*

1. Bend the rigid silicone edge of the fabric graphic at a right angle and insert into channel on the front of the frame, starting from the corner.
2. Work the fabric into the channels to reach all 4 corners.
3. Press firmly along the front channels until the graphic lays flat.

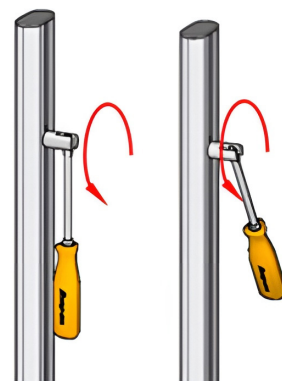

## *Insert Sideboards and Headboard*

Gently slide boards into each metal clip on the frame. Secure with screws.

## *Remove Metal Clips (Optional)*

To remove the metal clips used to secure the headboard and sideboards, insert screwdriver into the notch of the clip, then turn to loosen.

# Assembly is complete.
