

13.5' 3D Tower Display Assembly Instructions

SKU: TWRDISP13HW

1. Extend frame tubes to full length by press-fitting ends together.

Depress button, then slide tube in. Button will lock into place.

2. Press-fit each tube together by matching numerical stickers on each tube, as shown.

3. On the lower rung of the unit, affix tubes as shown using the same press-fit action.

4. Stretch graphic over frame and adjust as needed to fit properly.
