LIMITED HARDWARE WARRANTY

Duration of Hardware Warranty: One (1) Year

Turing warrants that commencing from the date of shipment to Customer (In case of resale by a Turing reseller, commencing not more than thirty (30) days after original shipment by Turing to reseller), and continuing for a period of one year the Product will be free from defects in material and workmanship under normal use.

The date of shipment of a Product by Turing is set forth on the packaging material in which the Product is shipped. This limited warranty extends only to the original user of the Product. Customer's sole and exclusive remedy and the entire liability of Turing and its suppliers under this limited warranty will be, at Turing's option, repair or replace the Product within the warranty period if the Product is returned to the party supplying it to Customer, freight and insurance prepaid. Turing replacement parts used in Product replacement may be new or equivalent to new. Turing's obligations hereunder are conditioned upon the return of affected Product in accordance with Turing's then-current Return Material Authorization (RMA) procedures.

Restrictions. This limited warranty does not apply if the Product (a) has been altered, except by Turing or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Turing, (c) has been subjected to abnormal physical or electrical stress, dropping, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes.
