1. Lay the shelf body on a flat and clean ground, with the backside facing up.
2. Fold the bottom flap up first, then fold one side up and insert the arrow tab into the cutout on the bottom flap.

3. Repeat Step 2 to assemble the other side with the base.
4. Move the shelf body to its standing position.

5. Insert one shelf into each slot from the front of the shelf body.
6. At the back of the shelf body, insert one stabilizer from the top through the slot on each shelf to secure all three shelves.

7. The assembly is finished.

*Enjoy your new
standing shelf!*
