

Curved Table Top

1. Expand the aluminum frame.

1.

2. Secure the frame by snapping the top side frame segments together.

2.

3. Attach the vertical magnetic bars to all four corners of the frame.

3.

4. Snap the magnetic bars in place by lining up the pointed ends of the bar to the indents on the corners of the frame.

4.

5. Attach the felt piece by wrapping it around the frame, connecting the magnetic pieces on the back of the felt to the magnetic bars.

5.

6. Make sure the felt piece is lined up with the side vertical magnetic bars.

6.

7. Line up the printed poster on one side of the frame and attach to the felt piece.

7.

8. Wrap the printed banner around all three sides of the display.

8.

9. Line up the other end of the printed banner to the felt piece.

9.

10. Your Curved Table Top Display is assembled.

10.
