**1** Attach Side Frames (F) to 1 Shelf (C) at the top. Use Screws (D), Nuts (A) and Hex Key (E) to fix the side frames to the shelf.

**2** Insert Casters (B) into the bottom opening on the side frames. Align holes in caster, side frame and shelf then use screw and nut to connect them together. Tighten screws to fix the bottom shelf and the casters.

**3** Check the cart stability and make sure all parts are secured with hardware. The cart is ready to use.
