Estimated assembly time: approximately 15-30 mins.

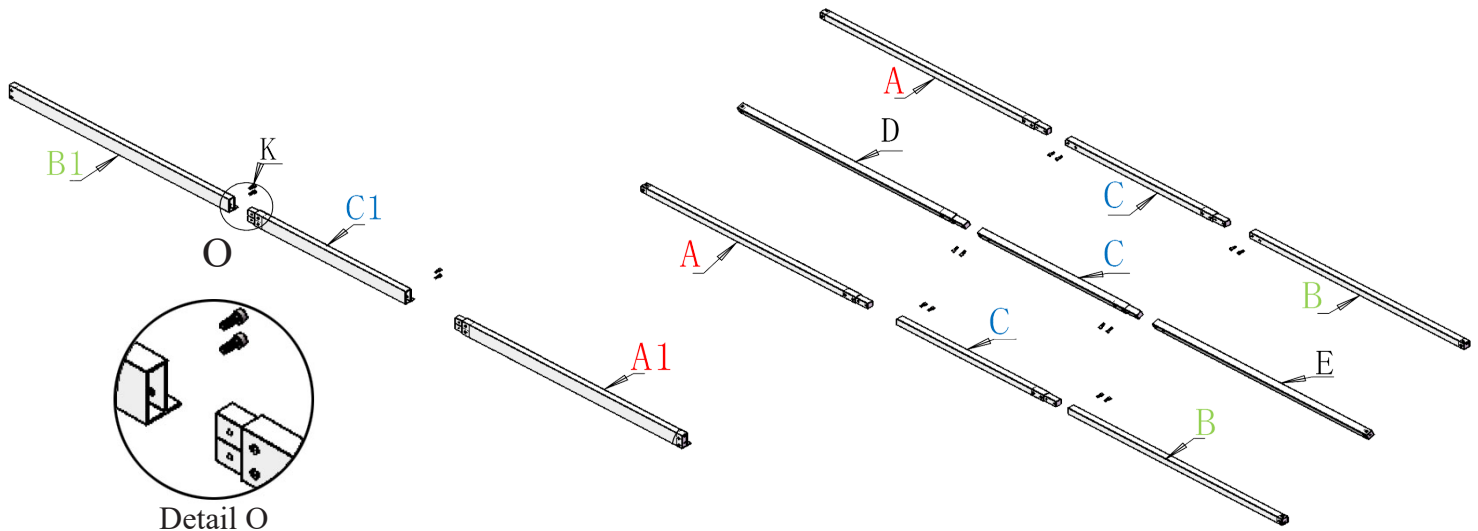

# ASSEMBLY INSTRUCTIONS

Remove all parts from the carrying bag and lay them out on the floor. Organize your parts against the parts list.

## STEP 1.

If use 8' canopy, connect Base Poles (A1+C1+B1) by using M6X16 Screws (K) and Allen Key (L). See Detail O. Connect Cross Poles (A+C+B, D+C+E) using remaining M6X16 screws the same way.

If use 6' canopy, connect Base Poles (A1+B1) by using M6X16 Screws (K) and Allen Key (L). Connect Cross Poles (A+B, D+E) using remaining M6X16 screws the same way.

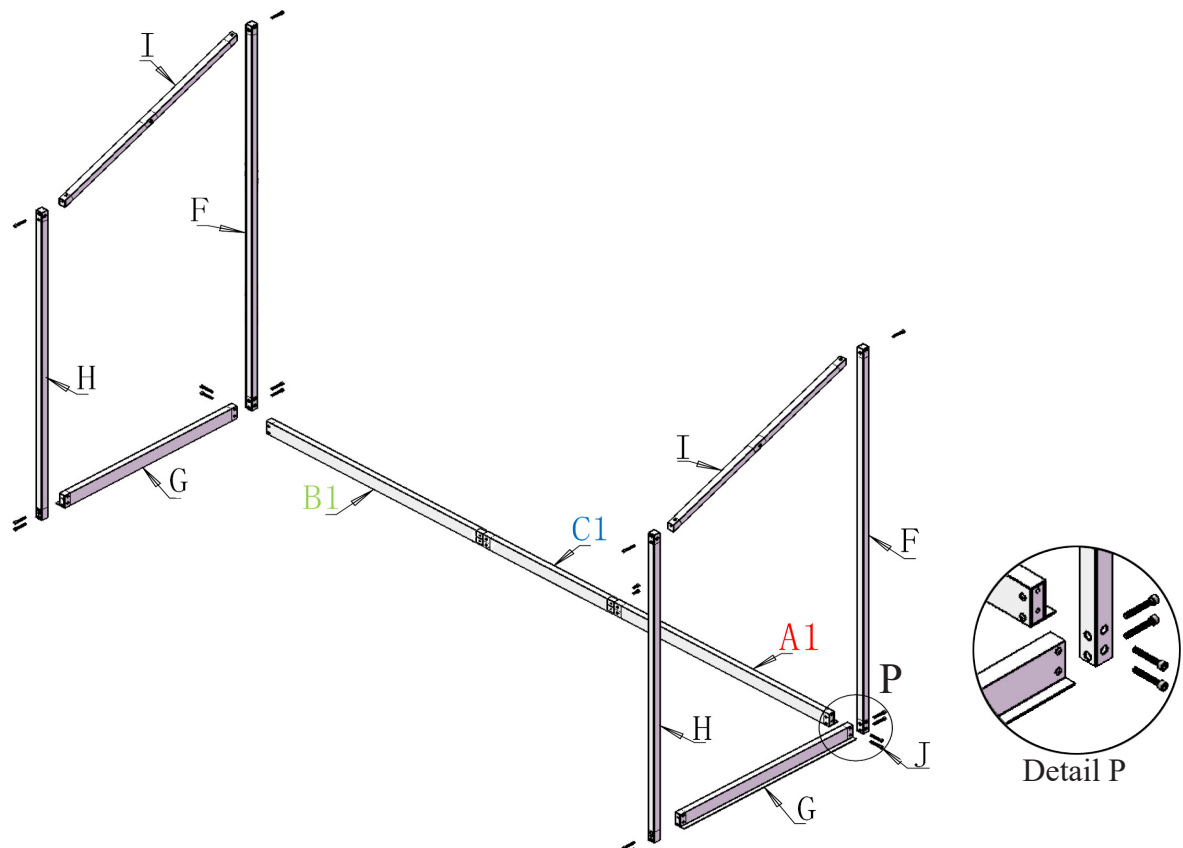

## STEP 2.

Connect 1 Leg Post (F) to each side of the assembled base pole (A1+B1+C1) using M6X35 Screws (J) and Allen Key (L). See Detail P. Use shorter base pole assembly (A1+B1) for 6' canopy.

Connect Base Pole (G), Front Leg Pole (H) and Rafter Pole (I) with Leg Post (F) together by using M6X35 Screws (J) and Allen Key (L) as shown.

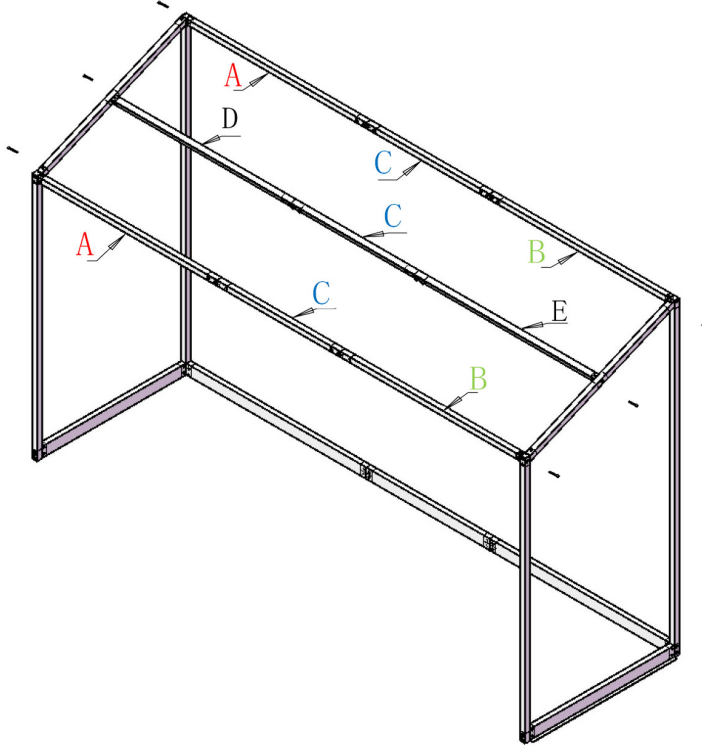

Repeat the step to assemble the other side frame.

## ASSEMBLY INSTRUCTIONS

### STEP 3.

Connect the top pole assemblies (A+C+B, D+C+E) to the top of side frames using M6X35 Screws (J) and Allen Key (L) as shown below. Use shorter top pole assemblies (A+B, D+E) for 6' canopy.

### STEP 4.

Identify the front and back side of the canopy. Attach the Canopy (M) to the top of the frame by fastening the hook and loop straps located at each corner and at the middle of cross poles.

Carefully move the assembled frame onto your tabletop. Securely fix the base poles to the table with the Edge Clamps (N), see Detail Q. The assembly is finished.
