

# ASSEMBLY INSTRUCTIONS

## WMWV4518 - WALL MOUNTING CURVED PROFILE

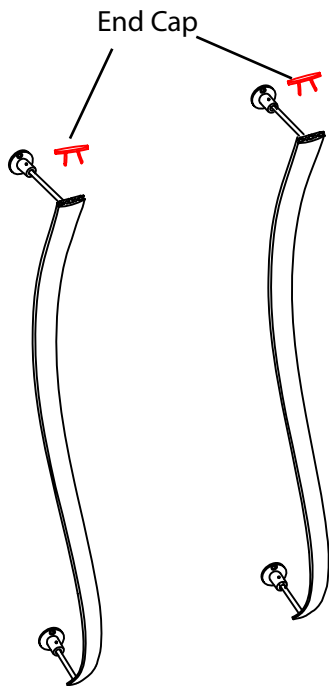

1. Mark and drill holes in the wall at the specified distances as shown below. Insert wall anchors and attach wall mounting brackets to wall with anchor screws provided.

2. Insert rods at the ends of curved profiles into the wall mount brackets, and tighten the set screws. Make sure all set screws fix in grooves on the rods.

3. Remove the end cap from one end of each wave profile. Insert clamps into the profiles through the grooves. See [IHCLAMP3](#) instructions for more details.

This curved profile is used in the products listed below:

- WMGLH4518
- WMGNP4518
- WMLH4518
- WMNSP4518

If you are uncertain about the installation or have any questions on the product, please contact D2G customer service.
