

# Item: LDRSHRKWHT,LDRSHRKBRN

Left Frame X 1 & Right Frame X 1

Hanging Rod with dowel X 3

Shelves X 2  
D10"  
D8"

Screws and washers X 8

L Bracket X 2

Screws X 4

Plastic Anchors X 2

## ASSEMBLY INSTRUCTIONS

1. Ensure all components are present prior to installation.
2. Insert dowels on 3 hanging rods into the holes in the left frame.
3. Attach D10", D8" shelves in slots of the left frame. Fix each shelf by fastening 2 screws and washers from side of the left frame.
4. Align pre-drilled holes in the right frame with dowels on the rods. Tighten the frame by pushing the dowels into the corresponding holes.
5. Fasten the right frame with 2 shelves using the rest of the screws and washers.
6. If necessary, there are additional L brackets that provided for extra stability to the wall.
  - a. To attach L brackets use a screw to secure one side of the L bracket into the leaning clothing rack.
  - b. Drill hole into the wall and insert plastic anchor into the wall.
  - c. Use the other screw to fasten the other side of the L bracket into the plastic anchor in the wall.
  - d. Repeat for other side frame

## NOTE:

1. Be sure the whole rack is tightly assembled.
2. The rack may loosen overtime. Check that all connections are tight periodically.
