

LBSSVB, LBSBKB Assembly Instructions

1. Attach top plate to poles using small 1/4-20 bolts.

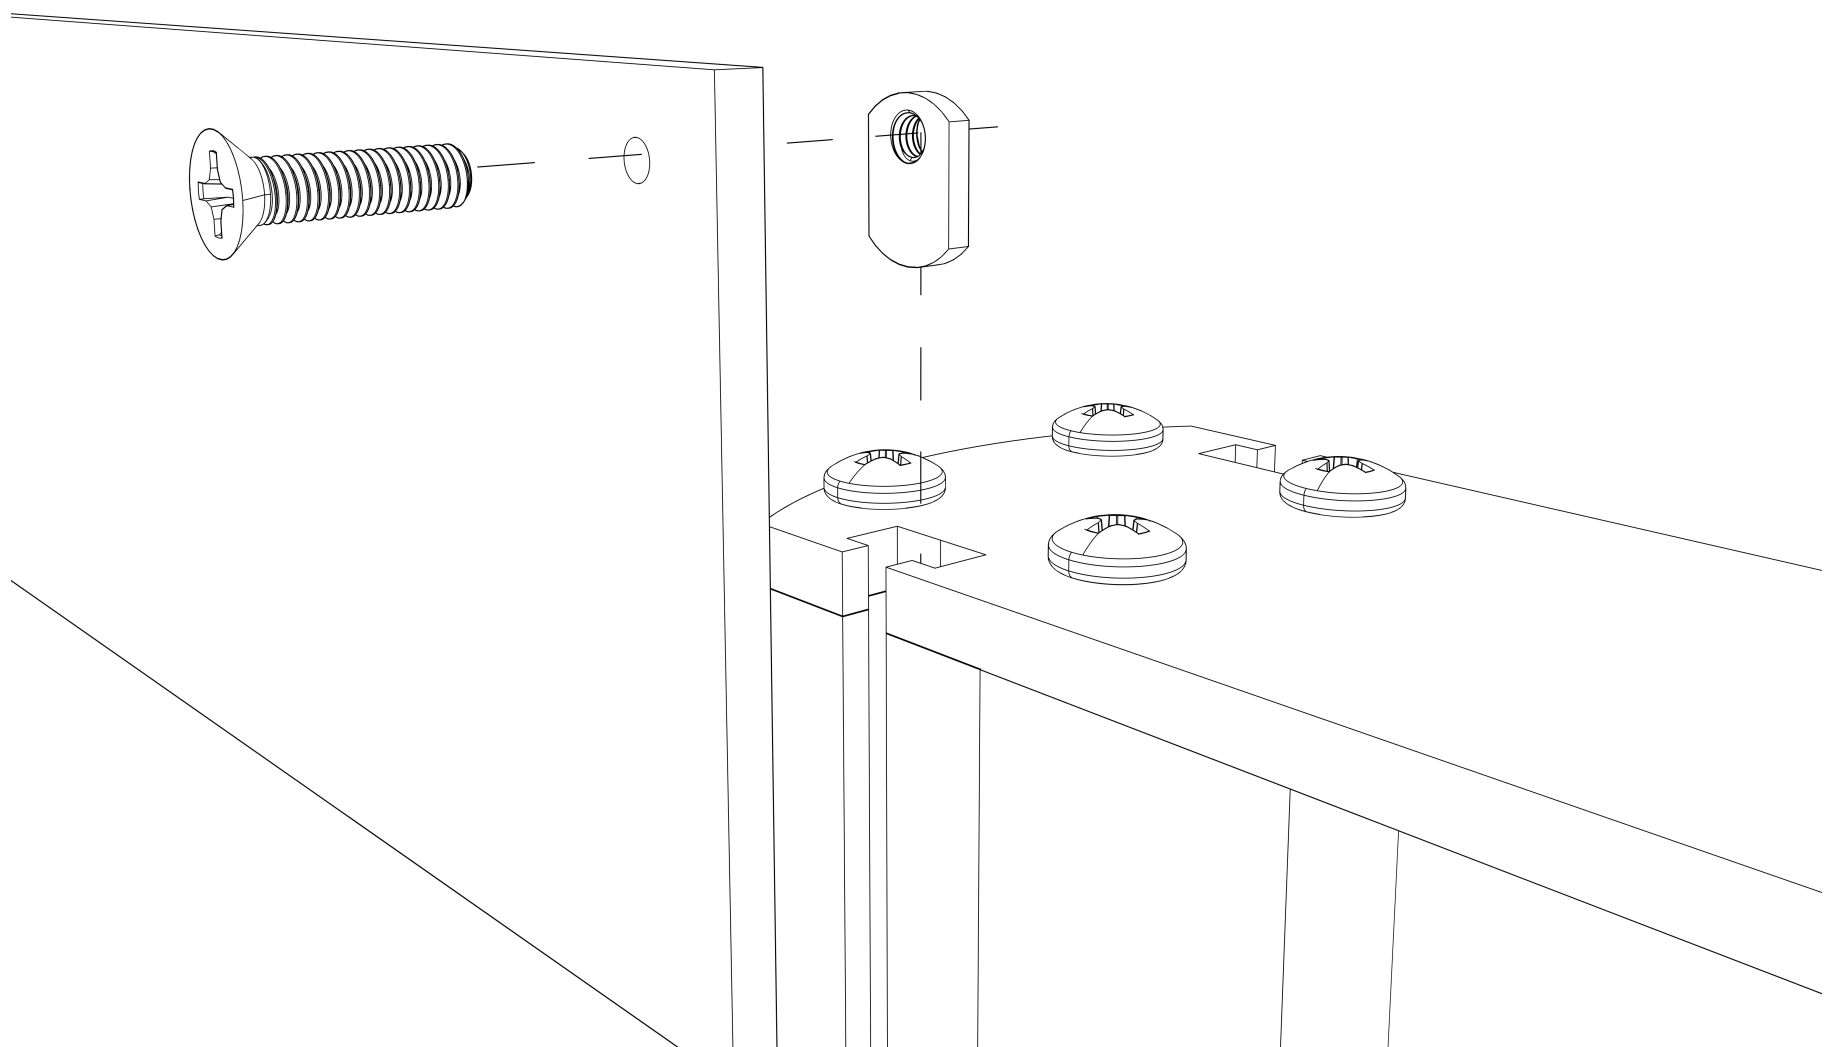

2. Attach poles to base using larger 1/4-20 bolts with the provided washers.

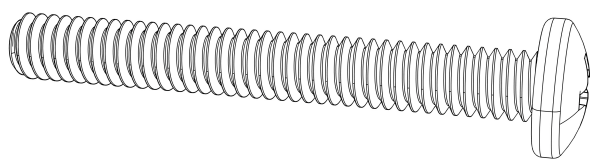

Completed Stand

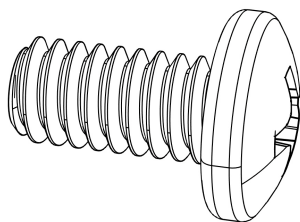

3. In order to attach items to the pole thread the flat head bolt through the mounting hole. This is located under the hinged flap on the light boxes or snap frames. Then thread on the weld nut, leave it loose. Do this for all mounting holes then slide the weld nuts down into the channels. Align at desired height, tighten bolts to secure.

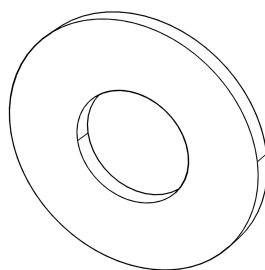

8X Large 1/4-20 Bolt

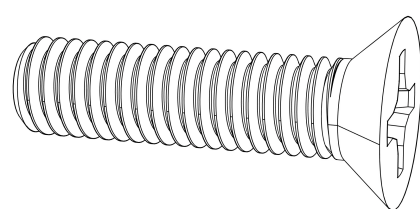

8X Small 1/4-20 Bolt

8X Washers

8X Flat Head Bolt

8X Weld Nuts
