# Instructions

LTRKITST4 & LTRKITRS5

## Crack Apart Letter Sets

- Letter sheets are pre-scored.
- Bend letter sheet back and forth along lines to separate letters.
- Remove letters as needed.
- Scissors or cutting tools are not required.

## Lettering Message Board Face

- Insert bottom edge of letter in tracks keeping letter flat against track.
- ***Avoid inserting the corner of the letters as this cuts the tape holding the track.***
- Spell out message and arrange/space words.
- Flex or bow letter and place top edge under the top track.
- ***Do Not slide letters as this can cut the tape holding the tracks to the panel.***
- Letter second side of sign panel following above steps.
- To remove letters simply bow the letter to release from top track and remove.
