

WCS Directory Board Series Assembly Instructions

DISPLAYS2GO

Components:

- 1 Top Plate
- 4 Name Plates
- VHB Tape

Step 1:

Use the suction cup to remove the snap out lens to place your graphic.

Before Installation:

- Use ruler to measure wall placement
- Use level to straighten wall placement

Step 2:

Remove the VHB tape from the back of the panel.

Step 3:

Use the level to keep the header panel even as you apply on wall.

Step 4:

Add name plate to the wall next, using the level and ruler to keep even and consistent. Repeat until complete.
