Step 1. Flip over Bottom Shelf(A). Secure Fixed Wheels (B) to one side, and Braking Wheels(C) to the other side by using 16 Nuts (G).

Step 2: Fix Side Panels(D)to both sides of the Bottom Shelf (A) by using 4 Long Screws(H). Then secure the Side Panels (D) to the Bottom Shelf (A) by using 8 Corner Brackets(I) (2 on each corner) and 32 Short Screws(J).

Step 3. Secure Side Panels (D) by connecting 3 Round Connectors (E) to each side using 6 Long Screws (H). Then add Hanging Bar (F) to the display to complete assembly.

NOTE: Hardware may loosen overtime. Periodically check that all connections are tight.
Clean with soft, dry cloth. To protect finishing, avoid using chemicals and household cleansers.
